Subject: Seneca Nation UIC Consultation Opportunity – Sandstone Development, LLC

Dear President Pagels,

I am pleased to invite the Seneca Nation of Indians to consult on a proposed Underground Injection Control ("UIC") permit. The proposed permit is for Sandstone Development, LLC ("Sandstone") for the conversion of an active production well to a class II-R enhanced recovery injection well. The well is located in Bradford Township, McKean County, Pennsylvania. Please see the attached consultation opportunity letter for additional details.

Our official contact for this consultation and coordination process is Mr. Kevin Rowsey, Senior Permitting Specialist for the UIC program. If you have any questions, please have your staff contact Mr. Rowsey at rowsey.kevin@epa.gov or 215-814-5463.

We look forward to hearing from you, and working together with you, on this important matter.
Thank you,

Diana Esher
Acting Regional Administrator
US EPA Region 3
